

NIKUNJ MIGLANI

Full Stack Developer

niikkunjmiglni@gmail.com • <https://www.nikunj.space> • New Delhi, IN

Summary

I'm a developer from Delhi, India. Currently a Sophomore at SRM University. I enjoy programming and exploring technology. I'm proficient in Full Stack Development and learning Cybersecurity. I've already delivered freelance projects and am currently diving deep into cybersecurity and development. I love combining practical experience with continuous learning.

Projects

Whabitr

07/2025

<https://www.whabitr.online/>

- A full-stack habit tracker using Next.js, MongoDB, and NextAuth
- Implemented user authentication and protected dashboard routes
- Designed streak-based tracking with CRUD features for habits

Migglä Webpage

06/2025

<https://www.migglä.com/>

- Developed official website for a leading interior design firm using Next.js
- Showcased services, projects, and vendor details with dynamic routing
- Integrated Sanity CMS for easy content management by the client

ArchArea

07/2025

- Built a service marketplace connecting interior designers, architects, and furniture vendors
- Implemented vendor-based service listings with MongoDB and Next.js
- Developed admin dashboard for managing users and service data
